REVESSE FACIAL AESTHETICS
& COSMETIC SURGERY

REVEAL YOUR ESSENCE

Our clinic is driven by the belief that through the latest techniques and innovations, we can help you realize your potential. We offer a multitude of services including facial cosmetic surgery, rhinoplasty surgery, injectables and more. At Revesse, we're focused on helping you navigate a growing ocean of choices to beautiful and natural results. We are committed to a delicate balance of technical expertise, artistry and individual attention tailored to reveal your essence.

PROCEDURES

A highly respected surgeon specializing in facial cosmetic surgery, Dr. Robert A. Mounsey MD FRCSC FACS, Otolaryngology-Head and Neck Surgery practising in Facial Plastic Surgery, treats not only in the Greater Toronto Area, but patients from across the globe as well. The doctor prefers to remain at the forefront of a quickly advancing industry, attending worldwide conferences, lectures and workshops in all surgical and non-surgical disciplines, so that you as his patient, benefit from the very latest in care and innovation.

Dr. Mounsey holds an impressive double board certification from the Royal College of Physicians and Surgeons of Canada in Otolaryngology-Head & Neck Surgery and the American Board of Facial Plastic and Reconstructive Surgery, meaning he is able to provide surgical solutions that restore or improve function as well as enhancing appearance. For you, the patient, that means for a procedure to reshape the nose (rhinoplasty), the goals will be to improve appearance and improve breathing.

OUR OFFICE

The Revesse office is a bright and open contemporary office in which Dr. Mounsey conducts his practice. Our patients feel secure in an environment whose warmth reflects the very nature of our care. The comfort of your visit is an integral part of providing you the best service possible.
